Cookie Policy

We are using cookies on sebx.io for handling a user to log in and making sure that the site works as intended.

What cookies are

Cookies are small text files that are sent to and stored on your device (e.g. mobile phone, computer or tablet). Some are necessary for you to use the website's functionality fully, while others are used to improve your user experience and facilitate navigation on the website.

Different kinds of cookies

Session cookies (a temporary cookie that expires when you close your browser or device).

Persistent cookies (cookies that remain on your computer until you delete them or until they expire).

First-party cookies (cookies set by the website you visit).

Third-party cookies (cookies set by a third-party website).

The cookies we use

Necessary cookies

These are necessary to offer basic services such as being able to log in to and use the member pages. If you choose to turn off these cookies, you will not be able to use the services available on these pages.

Functionality cookies

These are needed for certain functions on the website to work, for example remembering your choice of dark or light themed colours displayed on the website on the device you are using. If you do not accept these cookies, you will not be able to use the full functionality that the website offers.

Analysis cookies

These are used to, for example, develop the website so that the user experience can be continuously improved through, among other things, evaluation, and analysis of user behaviour within the website. For this we are using a first-party cookie and the data never leaves SEB.

What kind of cookies are in use and why

Cookie name	Type of cookie	Purpose	Expiration	Source
__Secure-next-auth.callback-url	Session cookie First party cookie	Used to keep track of events during a visit to help the visitor.	Expires when the browser is closed.	sebx.io
__Host-next-auth.csrf-token	Session cookie First party cookie	Used to keep track of events during a visit to help the visitor.	Expires when the browser is closed.	sebx.io
__Secure-next-auth.session-token	Persistent cookie First party cookie	Used for authentication of page permissions. Only set for visitors who log in.	30 days	sebx.io
sebspid	Persistent cookie First party cookie	Used by SEBx to distinguish one user of the website from another.	2 years	sebx.io
sp	Persistent cookie First party cookie	Stores a server-side collector generated unique identifier for a user that is sent with all subsequent tracking event events.	1 year	sebx.io
sebspses	Session cookie First party cookie	Used to identify if the user is in an active session on a site or if this is a new session for a user (i.e. cookie doesn't exist or has expired).	30 minutes	sebx.io

Opt out

The user can delete the cookies in the browser in its settings.
